Dental Plan PPO

Taking care of your smile

With the Dental PPO plan, you can pick any licensed dentist. Just keep in mind that your dental plan has settled on lower rates with a smaller group of providers—those in their network. If you choose a dentist outside that network for yourself or your dependents, you might have to pay more.

To find out if your dentist is in your provider network, you can search on <https://hcpdirectory.cigna.com/> or calling Cigna at 866.494.2111.

Vision Plans

Bringing your benefits into focus

Cigna offers vision coverage as a Preferred Provider Organization (PPO) plan. With the vision plan, you can pick where to receive services. Just keep in mind that your vision plan has settled on lower rates with a smaller group of vision providers—those in their network. If you choose a vision provider outside that network for yourself or your dependents, you will have to pay for all the expenses yourself at the time of service. Then, you'll submit a claim, and Cigna will reimburse you up to a certain "allowed" amount.

To find out if a vision provider is in your network, you can search on: <https://eyedoclocator.eyemedvisioncare.com/cigna/en> or calling Cigna at 888.353.2653.
